

THE INTERNATIONAL VENDING AND COFFEE TRADE FAIR.

Our exhibitors are enthusiastic!

"We were very positively surprised by this year's Eu'Vend & coffeena. From our perspective, the trade fair has developed into a central meeting point for the industry."

"Eu'Vend & coffeena has for many years been one of the most important European trade fairs in the vending and coffee-to-go segment. Eu'Vend & Coffeena offers an ideal platform for the deepening of existing customer relations and for establishing international contacts, and convinces with a large number of trade visitors."

"We look forward to an even larger stand at the 2019 trade fair!"
